ARTICLE I. - IN GENERAL

Sec. 4-1. - Statement of purpose.

The purpose and intent of this chapter is to protect public health and safety and promote the general welfare of citizens and animals residing within the city. Pet ownership is encouraged and welcomed when it is accompanied by responsible, caring, humane and legal treatment of the animal. Pet owners and caregivers must be respectful of the rights of their fellow citizens, public and private property, and quality of life as it is impacted by their animal(s). Owners are responsible for properly training and/or securing their animals so as to prevent them from causing damage, injury or nuisance. Owners must also carefully manage their pet's ability to procreate so as to prevent the addition of unwanted stray and feral animals and to help actively reduce the euthanasia of surplus pets in our community.

(Ord. No. 10-O-15AA, § 1, 2-24-2010)

- (1) The city shall establish an animal abuser registry that shall contain the names, residence, photo and other related information of certain abusers living within the city who are convicted of an abuse offense on or after the effective date of this section. The abuser registry will be maintained by the city or its agent, shall be listed on the city's official website, (available for posting on the websites of other entities) and may contain links to other abuser registries that are available, or as they become available in the future, to be used as an informational resource by animal shelters, pet sellers, or other persons or entities located in the city when they sell, exchange or otherwise transfer the ownership of an animal. The city may promulgate internal policies and procedures, as may be amended from time to time, necessary for the implementation of the abuser registry.
- (2) The abuser registry shall contain the abuser's full legal name, address, date of birth, offenses, conviction date, date the listing will expire from the registry, a photograph taken of the convicted animal abuser as part of the booking process and any other identifying data necessary to properly identify the abuser and to exclude innocent persons.
- (3) The abuser registry shall contain the required information about each particular abuser, for a period of five years following his or her release from incarceration or, if not incarcerated, from the date of the judgment of conviction.
- (4) The city will attempt to ensure that the information in the abuser registry is accurate and complete. However, the city relies on other sources for the information. As a result, the city makes no express or implied guarantee concerning the accuracy or completeness of any of the data in the registry. Any person who believes their information is erroneously contained on the abuser registry may submit information to the city director of parks, recreation, and neighborhood affairs to appeal their inclusion on the abuser registry. The director shall review the information and, within 30 days of receiving the information, shall render a decision in writing on whether the individual is properly listed on the abuser registry. If the director determines the person should not be listed on the abuser registry, the registration information for that person shall be removed from the abuser registry within ten business days following the director's determination.

Upon notification to the city that the criminal records of a registrant have been expunged or sealed by the court or upon the successful appeal of a conviction of an abuse offense by a registrant required to be on the abuser registry, the registration information for that person shall be removed from the abuser registry within ten business days following notification.

- (5) Every registrant shall provide updated information within ten business days of any change in residential address and/or upon any official name change. Failure of the registrant to provide updated information may result in the issuance of a citation in accordance with section 4-51, and fines assessed in accordance with section 4-52.
- (6) A person who has been determined by a court to be unfit to have custody of animals pursuant to F.S. § 828.073 shall also be bound by the determinations of the court if that determination was

made pursuant to the same underlying facts resulting in the criminal conviction that requires them to register with the city abuser registry.

- (7) Animal shelters, pet sellers, persons or entities located within the corporate boundaries of the city are strongly encouraged to consult the abuser registry before transferring, selling or otherwise conveying ownership of an animal to determine if the prospective owner is listed on the abuser registry. If the prospective owner is listed on the abuser registry, animal shelters, pet sellers, persons or other entities should exercise caution when evaluating whether to transfer, sell or otherwise convey an animal to an abuser, and may voluntarily decline to, transfer, sell or otherwise convey the animal to the abuser.
- (8) Animal shelters, pet sellers, and other persons or entities are encouraged to take all necessary steps to ensure that an animal is not transferred to a person listed on the abuser registry.

Such steps may include, but are not limited to, posting, when possible, current signage displaying registrants in well-trafficked, highly visible areas for public viewing and in stock/break areas of employees.
